

# Widget Rally Team

## Rental Packages for Widget Rally Enthusiasts

Now you can have reliable satellite communication while on your rally expedition— no matter where you are in the world. The Widget Rally Team and WCC have developed a rental partnership designed to provide rally

enthusiasts the ability to stay in touch through the Iridium satellite system. As long as you have a clear view of the sky, there are no dead zones, no geographic restrictions, no roaming charges.

WCC's Widget Rally rental program allows users to rent satellite equipment at weekly rates and pay for minutes they use at a fraction of what long distance roaming calls cost. Plus, rental customers have access to WCC's LIVE 24-hour customer care support for Iridium technical questions.

### Introductory Offer:

With your first rental purchase, WCC will throw in either:

- 1) **Mobile Magnetic Antenna** for optimal signal strength for in-vehicle use
- OR
- 2) **Data Kit** for accessing web updates and checking e-mail via Iridium satellite phone.
